MS Dynamics GP / Yooz Connector

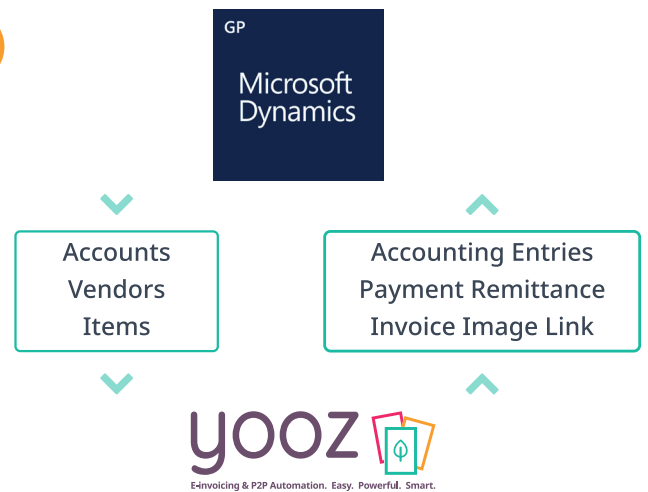

E-invoicing & P2P Automation. Easy. Powerful. Smart.

Schedule your private demo to learn more.

Combine the power of Yooz AP automation and MS Dynamics GP to centralize and streamline your entire Accounts Payable workflow from purchase to payment. The cloud-based integration between the two solutions means that information flows seamlessly throughout a customized, touchless invoice process accessible from anywhere, anytime you need it.

Embrace and enhance MS Dynamics GP capabilities:

- ▶ **Complete AP Automation Benefits:**
Eliminate manual errors and streamline approvals and payments. Scalable, smart workflows, in-app communication, and attachment support streamline decision-making.
- ▶ **Integrated Purchase Process:**
Yooz automates purchasing workflows including PR creation, PO import or PO generation, and approval automation.
- ▶ **Smartest Data Extraction:**
Utilize Yooz's unique AI-driven data extraction, Machine Learning, RPA, and access to an extensive database amassed over 30 years for real-time GL coding and PO matching.
- ▶ **Budget Management:**
Gain control over budgeting within the Yooz cloud-based platform, enabling faster decision-making with real-time visibility into committed, invoiced, and available amounts.
